SECONDARY TEACHER, ALL HALLOWS' SCHOOL

- Planned, taught and assessed: Accounting, Business Management, Junior Business, Digital Technology and Transdisciplinary Studies.
- Created a unit on Accounting in Junior Business which students found engaging and intellectually challenging. After the introduction of this unit numbers in Senior Accounting rose by over 50%.
- Designed content and assessment to meet strict stakeholder and curriculum requirements.
- Created an extensive repertoire of digital resources including videos, interactive online quizzes, games and activities. I have created over 70 videos incorporating a range of techniques such as role plays, interviews, lectures, screencasts and lightboard technology. Examples of my work can be seen **here**.
- Presented at the Business Educator's Association of Queensland conference to over 40 people. This presentation gave attendees the skillset to use Microsoft Excel and PowerPoint to design learning resources which provide students with immediate feedback on their work.

2015
BLENEDED LEARNING MENTOR, ALL HALLOWS' SCHOOL

- Supported colleagues in their use of technology in the classroom.
- Led an initiative to research, trial and evaluate the effectiveness of utilising OneNote software; leading to school wide integration.
- Presented at meetings to over 100 staff.
